### Market Partners with Local Depart. Of Health

The Community Farmers Market (CFM) is proud to have partnered with the Lewis County Dept. of Health to promote nutritional eating and healthy food choices for local families! Each month, the local WIC (Women, Infant, and Children) office will host a tasting for WIC clients at their office in Chehalis. The tastings will feature products that are available at the CFM and use produce supplied by market vendors. Not only will WIC clients have an opportunity to sample the produce, they will receive nutritional information and cooking ideas for the featured products. The tastings are scheduled for June 14th, July 19th, and August 16th with a tour of the market for WIC clients on July 31st.
